

# Orthodox Church Capital Improvement Fund

## GI ING TUESDAY

### Happy Thanksgiving!

Dear Brothers and Sisters in Christ;

Over the years we've talked about what OCCIF does and what it means to the growth of the Orthodox Church in the United States. We have worked hard for those we serve, and today we are the leading provider of funding for capital improvement projects for all Orthodox Christian Institutions in America.

Recently OCCIF joined with the national **Giving Tuesday** movement. We hope that you will work with us and support OCCIF with a donation on Tuesday, December 1<sup>st</sup>.

Instead of telling how we will use your donation, I want to give you some numbers that show what we have already done with your investments in and donations to OCCIF.

**\$4,500,000**

in loans to Orthodox Churches, Missions, Monasteries, and Institutions.

**Over 200,000**

hours of volunteer work and professional expertise provided to those we serve.

**1500+**

Orthodox Christian Institutions subscribe to OCCIF communications.

**40 States**

have institutions that do business with OCCIF, with more to come.

And finally, the most important number:

**1 Goal**

**Growing the Orthodox Christian Church in the United States.**

Please help us continue this work with a donation to OCCIF on Giving Tuesday, December 1<sup>st</sup>. It is an blessing to serve our Church, and we look forward to working with you through our ministry.

Yours in Christ,

John Della Monica  
President,  
Orthodox Church Capital Improvement Fund
