Faith In Lending - A Winning Combination

Dear Brothers and Sisters in Christ;

We wish everyone a blessed Great Lent!

We are bringing you a special combined February and March newsletter, as we have been blessed with many new projects and opportunities to serve.

Sometimes you take for granted some of the basics. When you work on something this long (over 10 years now), you can take for granted the fundamentals that are at the heart of your ministry. In a recent conversation I was reminded of this when we spoke about a core principle of the loans we provide to Orthodox Churches, Missions, Monasteries and Institutions.

We do not - and will not - require personal guaranties on our loans.

Unlike many secular lenders, we do not ask that the parishioners, financial council or priests put up any of their personal property as collateral. Instead OCCIF takes a first position on the property that we help fund, which assures our supporters that their investment is secure.

For over ten years we found this to be a proven foundation for our loans. At OCCIF, we understand that our churches are an integral part of our lives and the lives of our families. They are a center for the expression our faith and our community.

As we start into this brighter year, we look forward to serving more churches and helping them spread the word of Orthodoxy in the United States. Please contact us and let us know how we can serve you.

Yours in Christ,

John R. Della Monica Jr.

We are excited to serve St. John The Wonderworker

This month we had a flurry of activity, including closing a loan for St. John the Wonderworker Orthodox Church in Atlanta, Georgia. We are delighted with the opportunity to serve the parish, and look forward to sharing a video interview with them in the coming months!
